Gavitt Associates, Cazenovia, New York

Owner 2003-Present

Founded firm specializing in site design, home design and urban/community design.

Significant projects:

Link Park Master Plan – design and layout of new housing community, including modifications to existing zoning and complete design of site and architecture.

Syracuse Housing Authority Temporary Parking Studies

Sgarlata Residence Master Plan, Planting Plan and Pool Design

Fusillo Residence Home & Site Design

State University of New York, College of Environmental Science and Forestry, Syracuse, NY

Guest Lecturer, 2004-Present, Teaching Assistant, 2002-2003

Teach design studios specializing in community and site design and construction document production. Assisted with graduate and undergraduate site engineering classes and studios.

Performed routine desk critiques and occasional lectures.

Trinity Architecture & Planning, Inc., Winston-Salem, North Carolina

Owner 1999-2001,

Founded multidisciplinary firm with two registered architects. Managed design for over \$15 million in planned construction. Coordinated contracts for projects and established budgets for overall firm profitability. Identified and hired consulting firms to provide necessary support on projects such as structural, acoustical, plumbing, mechanical, and electrical engineering. Developed close working relationships with clients and contractors. Analyzed strategic growth opportunities and marketed accordingly. Established relationships with banks, accountants, payroll and retirement specialists, and key vendors. Created feasibility studies, master plans, and construction documents for all proposed site construction. Met with local and state level officials and planning boards to achieve all necessary approvals for construction of projects.

Significant projects:

Ardmore Baptist Church - \$6M budget for new sanctuary, education building, & prayer garden

West Asheville Baptist Church - \$4M budget for new education/recreation building, courtyard, & site.

Winston-Salem, Forsyth County Schools – \$1.5 M budget for new storage facility on industrial site.

New Hope Presbyterian Church – New sanctuary and site improvements for growing congregation.

Temple Emanuel – Site plans for new synagogue, parking lot, and garden area

Our Lady of Mercy Catholic Church – Master plan for church relocation

Architectural Design Associates, PA, Winston-Salem, North Carolina

1999

Landscape Architect

Provided site documents for all firm projects. Coordinated with 5 registered architects on staff. Performed extensive research and analysis on all properties prior to designing. Completed feasibility studies and master plans. Created working drawings including layout, grading, and

1997-

planting plans. Designed all details for project construction and created specifications to correlate with drawings. Fielded questions during the bidding process and supervised construction. Guided and supervised drafting technicians assisting with projects.

Significant projects:

Jefferson Middle School - Addition

Hunter Hills Baptist Church – Facility relocation to new site

GS Miller Landscape Architecture, Winston-Salem, North Carolina

1995 – 1997

Landscape Architect

Managed projects for key clients. Coordinated site due diligence, feasibility studies, and working drawings for various projects. Worked closely with owners, architects, and contractors.

Significant projects:

Lowe's Corporate Headquarters in Wilkesboro, NC

BB&T Bank facilities – multiple facilities

Krispy Kreme Donut Corporation – multiple facilities

Pashek Associates, PA, Pittsburgh, Pennsylvania

1993 –

1995

Landscape Designer

Assisted with all aspects of design and construction administration on many publicly funded projects. Worked closely with clients and other professional consultants.

Significant projects:

8th Avenue Commercial Revitalization in Homestead, PA

Three Rivers Heritage Trail

Recreational Needs Assessment for government assisted housing projects in the city of Pittsburgh

Pittsburgh Penguins Practice Facility

Fallingwater, Mill Run, Pennsylvania

Summer

1993

Landscape Designer

Designed and implemented drainage system around house to curtail flooding, path lighting for special events, stone steps for staff use at main house, and various planting schemes.

EDUCATION

State University of New York College of Environmental Science and Forestry, Syracuse, NY

Master of Science in Landscape Architecture – in progress
